TROJANETTE
1964
MHS
MILFORD HIGH SCHOOL

Mrs. Dorothy S. Williams

We, the senior class of 1964, dedicate this Trojanette to Mrs. Dorothy S. Williams. During her nine years at Milford, Mrs. Williams taught English, Latin, and physical education. She was the school librarian and was responsible for a great addition of literature to the school library. She added popular fiction, great literary achievements of the past and present, and a vast store of non-fiction and reference material.

Mrs. Williams' service was not limited to the classroom. She directed class plays, sponsored the junior class and the Girls' Athletic Organization, and led Girl Scout troops. After home ball games Mrs. Williams could be seen wielding a broom to help "her" juniors clean the gym.

In 1963 Mrs. Williams became interested in the great need for teachers on the continent of Africa. She applied to the Teachers for West Africa movement. After writing her application and complete biography and being interviewed, Mrs. Williams was accepted to be a teacher in the Yaa Asantewa Girls' Secondary School near Kumasi, Ghana. She is now teaching English and Latin and presiding over the school's library.

We wish Mrs. Williams continued success in her role as friend, teacher, and guide. Our lives are richer for having had the privilege of knowing her.

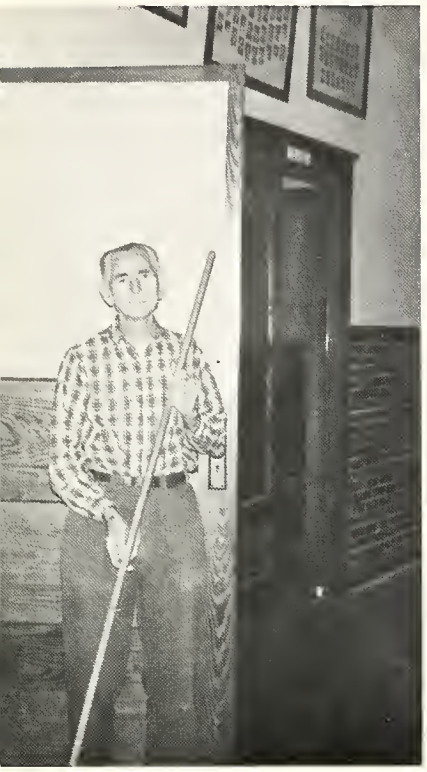
The Working Class

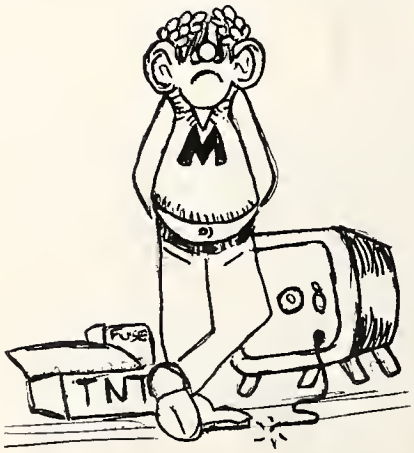


Mr. T. R. Brooks, Sr., came in after classes the second semester to sweep the rooms.

Mrs. G. F. Wolferman, better known to most of us as Doris, prepares to make an announcement. Her duties are many: secretary, clerk, cashier, and friend.

Levi Beer, janitor at MHS for six years, must work not only during the school terms, but also all summer preparing for next fall.

The bus drivers, Ralph Neff, Richard Hollar, Ralph Berkeypile, Stan Scott, Bud Campbell, Jerry Bushong, Howard Haab, and Theo Beer, drive the kids to school through snow and high water.



The high school cooks, Mrs. Vanlaningham, Mrs. Fox, Mrs. Rink, and Mrs. Wise, catch a quick bite after the noon hour. Now all they have to do is tidy up!

"We'll find a path or make one."

In Memoriam

Mary Ruth Overstedt

She was a nice and friendly girl who
had a smile for everyone. Some felt
sorry for her, but she did not feel
sorry for herself, nor did she let her
handicap get her down.

Aml

Mary, a victim of cerebral palsy, was a member of our class for six years. During these six years she worked, played, and shared a life with us. After a seizure she always smiled, and her smile was like the sun coming out from behind a cloud after the rain.

In 1958, when we entered junior high, Mary was enrolled in the New Castle State Hospital, New Castle, Indiana. She died there March 8, 1959.

The Trip!

Five o'clock Sunday afternoon, May 3, we were off! We piled into our Greyhound and bade family and friends fond good-byes. After a few "comfort stops" and several hours of jouncing, we pulled into Gettysburg at 5:30 a.m. Monday morning. We ate an early breakfast and were off to see the battlefield--all 5,000 acres of it! The land was green and rolling. We were surrounded by mountains and the mist drifted down around us. Many of the class ascended the tower for an "eagle's eye" view of the land. Anni Lange snapped the unusual pix at the left.

We left Gettysburg before noon and headed for Washington, D.C. After arriving at Washington's largest hotel, the Sheraton-Park, we unpacked and waited for the evening tour. We saw Washington by night: the National Archives where the Declaration of Independence is housed, the White House, Blair House, the Jefferson and Lincoln Memorials, the Wax Museum, and the Pentagon.

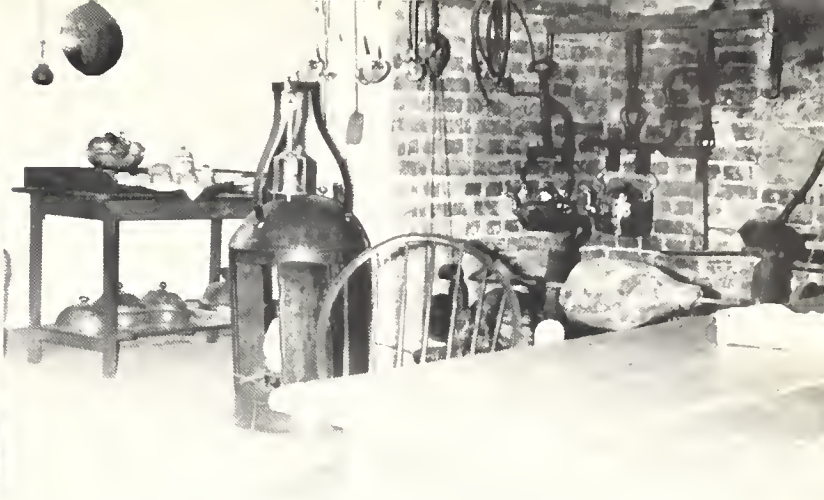
Early Tuesday morning we went to the Senate office building to keep our appointment with the Honorary Vance Hartke. We recognized Senator Hartke's office by the insignia on his door. The senior senators may place a symbol of their home state on their doors. Indiana's senior senator had placed our state seal imbedded in a map of Indiana. We crowded into Senator Hartke's personal office. He spoke a minute with our class president and answered our questions about the civil rights bill.

The Lincoln Memorial was begun in 1914 and dedicated in 1922. There are thirty-six columns surrounding the Memorial; each column represents one of the thirty-six states in the Union at the time of Lincoln's death.

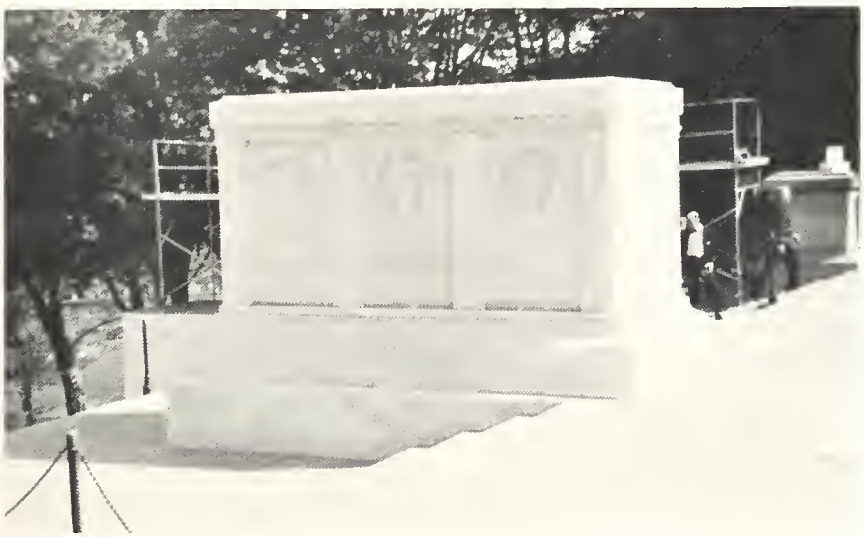
Next stop--Washington Monument! This great memorial to George Washington was a real challenge to those of us who trudged up all eight hundred and ninety-eight steps. The monument was begun in 1848. One hundred fifty feet were built before the project was abandoned for lack of money. In 1876 Congress appropriated funds to finish the monument. Twelve years later it was opened to the public.

The last stop before lunch was at the Botanical Gardens--otherwise known as the Mechanical Gardens to some seniors. Exotic plants and towering trees are housed here.

Mount Vernon, ancestral home of George Washington, is on a high bank overlooking the Potomac River. The house is furnished as it was in George and Martha's day.



Eighteenth-century kitchens were separate from the house so that cooking odors could not permeate the living quarters. Like the rest of Mount Vernon, the kitchen appears as it may have looked in George and Martha's time.



The Tomb of the Unknowns in Arlington National Cemetery: "Here rests in honored glory an American soldier known but to God." This inscription was written after the interment of an unidentified soldier of World War I. In 1958 the remains of two more unknowns, one from World War II and one from the Korean Conflict, were buried here, also.

Above, the impressive ceremony of the Changing of the Guard.

At left one of the guards places flowers near the grave of John Fitzgerald Kennedy. The mound marks the grave of our late president. It is covered with hats and caps from various ranks and branches of the services. To the left is the grave of Patrick Bouvier Kennedy; to the right is the grave of an infant daughter.

Tuesday evening was a riot of dancing, bowling, and pool at Pentagon City. Wednesday morning began with a tour of the Federal Bureau of Investigation. Second was a tour of the Bureau of Printing and Engraving where we saw stacks and stacks of glorious money in the making. Third, we toured the White House which was a big disappointment to many. It wasn't nearly as glamorous as television and magazines had depicted. Next was the Capitol: the great Rotunda, Statuary Hall, the Senate and House chambers. It was and is the site of the workings of the greatest free nation in the world. Last stop before lunch was the Lincoln Museum which is housed in the Ford Theater where Lincoln was shot and in the Petersen house where he died.

Wednesday evening the class parted: some to the ball park and others to the cinerama. Thursday morning was free. Around noon we began to congregate at the Library of Congress and the Supreme Court building. All afternoon we combed the Smithsonian Institution. We saw the Hope Diamond, the First Ladies' gowns, the Spirit of St. Louis, the John Glenn space capsule, the mammoth elephant, and a trillion other things. We were told that it would take seventy-five years to see everything in the Smithsonian. We left Washington around five o'clock. The evening meal was eaten in Hagerstown, Maryland. We arrived in Milford at seven o'clock Friday morning. Home sure looked good after another night aboard the dear old Greyhound!

Wednesday afternoon we toured the Washington Cathedral. It is an interdenominational place of worship sponsored by the Episcopal Church. Thursday, May 7, was the day of dedication. Over twenty million dollars has been spent on the Cathedral; at least fifteen million more would be spent before its completion.

The red brick home of Mrs. Jacqueline Kennedy and her children is located on a narrow Georgetown street. When she is home secret service men guard the house, as shown in the picture above. At other times a special police detail is assigned to the home.

One of JoEllen's most spectacular routines is twirling a fire baton, both ends ablaze. She has entered and won several talent contests. In 1961 JoEllen was named Junior Miss Majorette of Indiana. She was first runner-up to Junior Miss Majorette of America.

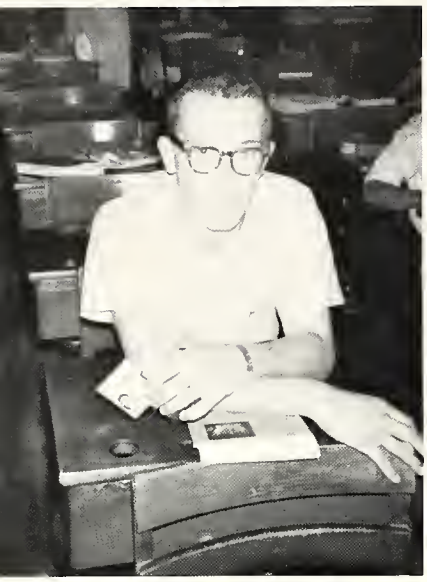
Student Council Governs Student Body

SITTING: Ginger Hollar, Carolyn Biller, Carol Beer, Phil Weisser (president), Becky Hoerr, Terry Beatty (vice-president), Mr. Kesler (supervisor). STANDING: Dan Beer, Sherry Graff, Steve Bender, Joan Schlotterback, Michelle Conn, Jerry Wilson, Roger Rheinheimer, Jan Purdum, Bob Hoerr, Dave Beer, Linda Kuhns.

The student council exercised new authority in governing the student body. One of the first measures instituted was the student dress code which outlawed the wearing of skirts that rose above the knees, Bermuda shorts "concealed" beneath skirts with high side slits, pants intended to worn with belts that were worn without belts, and protruding shirttails. Any mode of dress that could be construed as a disturbance to class room routine was forbidden.

The last act of the student council was the organization and supervision of the high school party. Freshmen, sophomores, juniors, and seniors competed for the right to eat first. Sophomores accumulated the most points in such contests of skill as the piggy-back race, the pie eating contest, the shot put, the water balloon relay, and the bicycle relay. The day ended with bar-B-Q'd chicken and a dance on the basketball court. Music was furnished by the Rockin' Rodents.

From The Office Of The



. . . came a photographer who popped up in some very embarrassing places. Whenever a school event came up he was out front popping flashbulbs and being trampled upon. He and his camera were inseparable. PHIL WEISSER

. . . came an artist who never signed his work. Sprinkled through his book are samples of his talent. Whenever the editor could corral him long enough he originated a new character. RICK PARKER

. . . came an advertising staff whose efforts helped finance the yearbook. They traveled far and wide tracking down prospective advertisers. JEAN KAISER, JOLENE HOUSOUER, TOM HOLDERREAD

. . . came a business manager, an assistant editor, and a business manager who tried to balance the books, to originate some brilliant ideas, and to acknowledge receipt of money. DICK SHARP, TERRY BEATTY, KEN BEER

. . . came three typists who could be counted upon to confuse the editor. While poring over her rough typewritten copy they would come up with such inane questions as "What is an eemphagr?" and "Who the heck is Drvvy Yitren?" CONNIE HARTTER, JIM MOCK, ROXANNA BIRD

. . . came the subscribtion staff who sold subscriptions with zeal and determination. They employed such techniques as "Aw, won't you buy a subscription from little ol' me?" and "Look, you, I'm gonna sell you a subscription." ANNI LANGE, JEFF DIPPON, SALLY KELLER

Trojanette

. . . came an editor who took up residence in the little cubbyhole at the end of the hall. She struggled with deadlines, layouts, copy, and staff members until she was sick of the whole mess and felt like throwing it out the window, but she didn't. Sometimes she felt more like throwing herself out the window, but she didn't. EARLEEN FISHER

This office was not only the site of production for the grandest yearbook in the history of the school, but also a haven of refuge for fugitives from the assembly.

. . . came two sports enthusiasts who got off to a roaring start. Joe pecked out the lively sports copy and Mike sometimes did the layouts. JOE JESSOP, MIKE TREESH

. . . came a sponsor who closely examined each page for errors and advised the staff on many matters. MRS. MAXINE ROBINSON

While all the staff often performed jobs far beyond their call of duty, I feel special recognition should be given to the following staff members: Joe Jessop, for his spectacular sales of advertisements; Tom Holderread, for helping the editor compile the page of sports statistics; Phil Weisser, for his picture taking.

The Trojanette is also grateful to the following people who, though not members of the staff, helped: Blake Baumgartner who took many of the senior trip pictures; Jack McClintic who took the Trojanette staff pictures; Mike Hamilton who took some of the commencement pictures; Ginger Hollar who allowed us to use some of her snap shots; Karl Lange who named and numbered several hundred individual pictures of students from the first grade to the twelfth; Levi Beer and T. R. Brooks for their help in maintaining the cubbyhole; Mr. Kesler and Mrs. Wolferman for their help from the office; the Mail-Journal for their press photos.

Dear Readers:

I sincerely hope you enjoy reading this 1964 Trojanette. Much effort has been put into it to make it one of the best and most interesting Trojanettes in the history of MHS.

Espanol Club Aprenden de la Cultura Latinamerica

ROW ONE (by the windows): Rod Bailey, Greg Mishler, Pame Phend, Dick Sharp, vice-president; Terry Beatty, president; Janet Ramser. ROW TWO: Ann Purdum, Earleen Fisher, Carol Rassi, Ken Beer, Sharron Moneyheffer, secretary-treasurer. ROW THREE: Carol Beer, Arlene Anglin, Anni Lange, Becky Hoerr. ROW FOUR: Mr. Thompson, sponsor.

The officers of the club often met in Mr. Thompson's room at noon for an informal executive meeting. The Spanish room became a gathering place for opinions to be aired and conversations to begin.

The Spanish Club spent an enjoyable year learning about Latin American culture. At one meeting members were initiated into the fine old sudamericano art of eating tacos, a scrumptious conglomeration of tortilla, hamburger, lettuce, cheese, tomato, and onion. At another meeting the club went bowling and ate a norteamericano meal at the M & M. Through study of language, people, and food of Latin America all club members gained a better understanding of their South-of-the-Border neighbors.

After an absence of four years the science club, with its original name, Evil Smota (backwards, Live Atoms), formed a again in MHS. Members met twice a month to discuss business and conduct experiments. Every member was required to enter a project in the Lakeland Community Schools' Science Fair. Among those receiving high ratings were Ginger Hollar, Steve Barker, Darrell Custer, Mike Hamilton, Dick Sharp, and Mike Treesh.

In an age when much emphasis is placed on scientific explorations and developments a club like Evil Smota helps to promote interest and knowledge in this new frontier of science.

This year the seventy blue and white jacketed girls went ahead and yelled loud and strong all season.

The elementary gym sparkled with tinsel, Christmas tree balls, and glittering chains. As Christmas Day drew near, the girls set out on a caroling spree, braving icy winds and deep snow.

At Christmas time the Rekamemoh contributed food for needy families to the American Legion Auxiliary's community project. The club went to Indianapolis for a day and enjoyed shopping, touring Butler University, and seeing a cinerama.

The club works on a point system. Given numbers of points are awarded for each homemaking task a member performs. Doris Teeple was the high point winner this year. JoLene Housouer received the Crisco award for the best grades. Roxanna Bird is the "Betty Crocker Homemaker of Tomorrow." This honor is conferred on the student who does best on a written examination.

The year was concluded with the spring style show. Styles were presented in the course of several skits.

Behind The Scenes

SAFETY PATROL

Neither rain nor snow nor sleet nor ice kept these eleven sixth graders from patrolling the crosswalks at the intersection of State Road 15 and Emeline Street. STANDING: Kevin Dwyer, John Hoover, Steve Wolferman, John Leemon, Bill Burgett, and Jay Anglin.

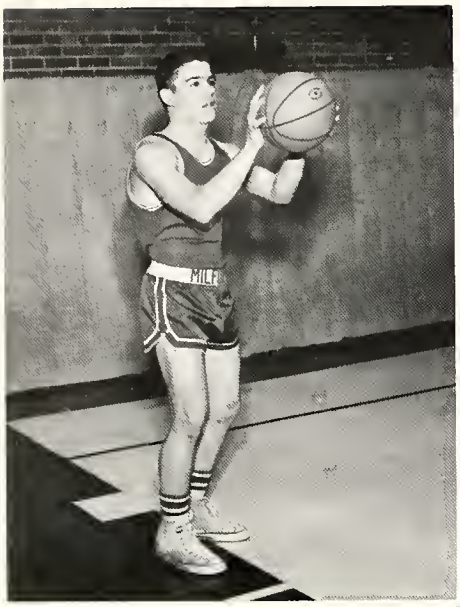
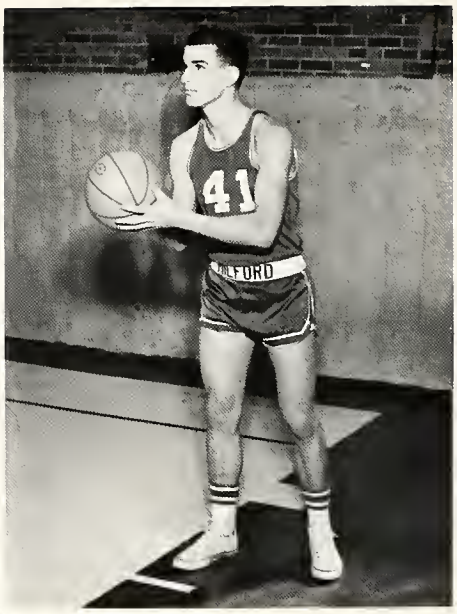
Athletics

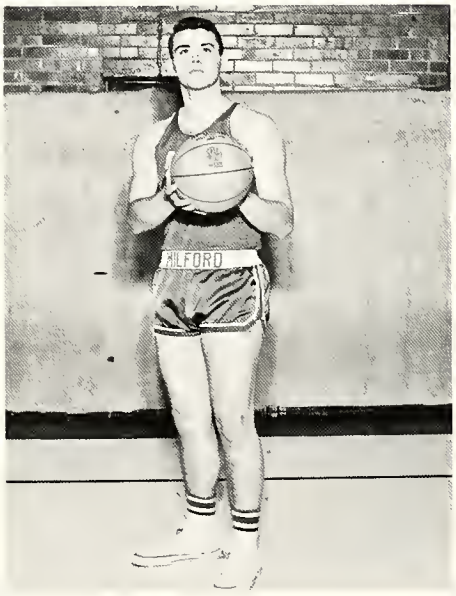


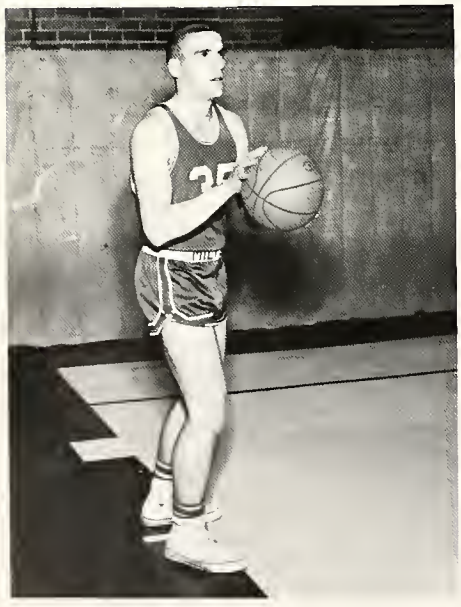
Tom Holderread, a senior, played guard for the Trojans. This was his third year of varsity basketball, and his achievements are clearly shown by making the all-county and all-sectional teams.

Dick Groves, a sophomore, has a very good potential. Dick was a starter all year; he drove very well, scored consistently, and was one of the top rebounders this year.



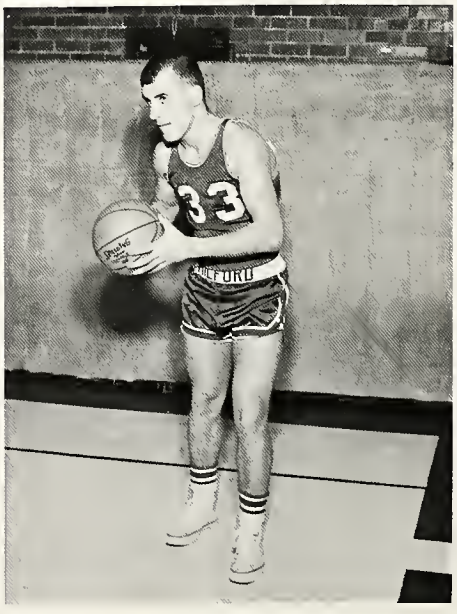
Marion Groves, a senior, was the blue and white's leading rebounder this year. Marion has played three years of varsity basketball. You could always count on him to be the old stand-by when the pressure was on.

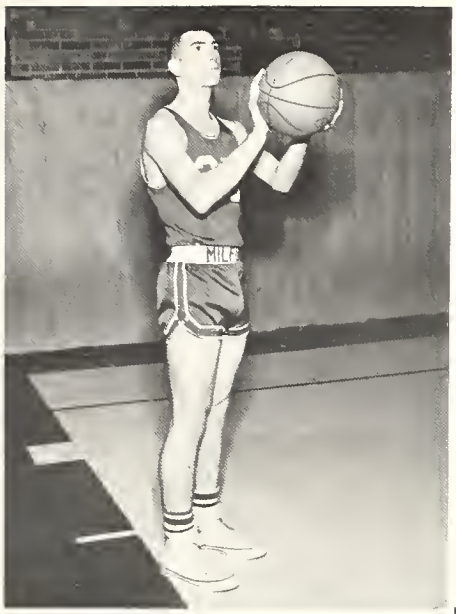




Mike Zimmerman, a senior, was the sparkplug this year. Mike is one of the fastest men on the team: he scores consistently and is best known for stealing the ball at the right time. We were all proud to see Mike make the all-sectional second team.

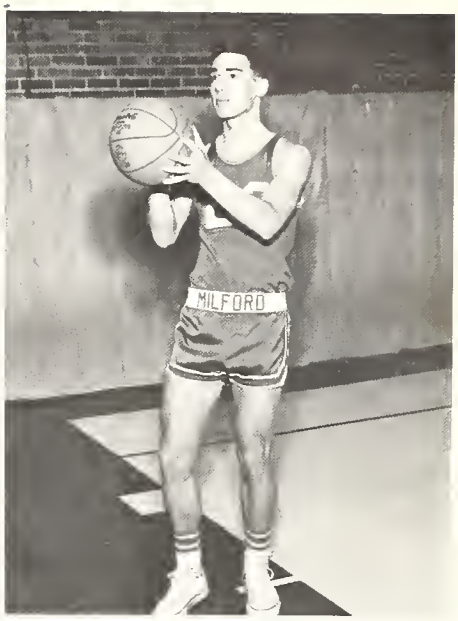
Stan Stump, a junior, should see plenty of action next year. He has been playing varsity ball since he was a freshman. Stan should be the fastest man on the floor for the Trojans.

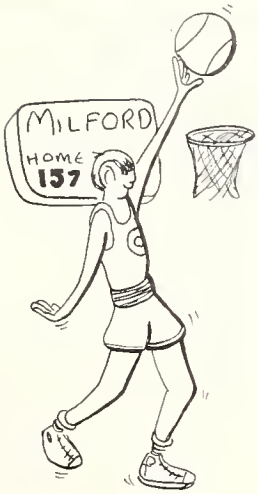


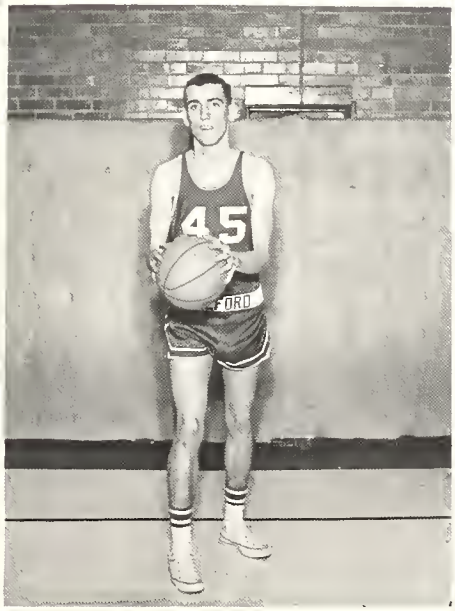


Verl Baker, a sophomore, was a forward on the starting five this year. Verl is a good rebounder and has an extremely accurate jump shot.

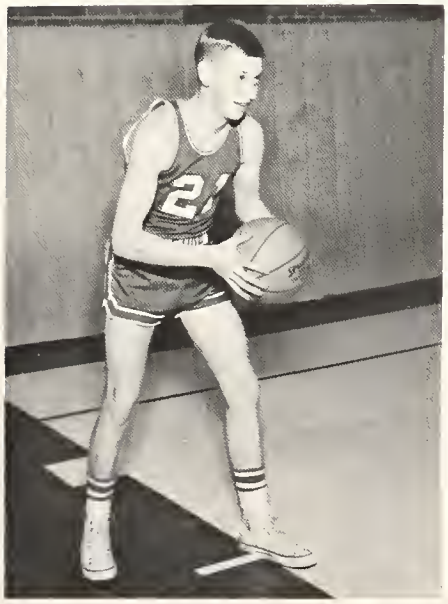
Greg Mishler, a junior, played a major role on the team this year. Greg had several games in which he scored in double figures; he also got several rebounds. With plenty of work Greg could become one of the biggest threats in the county next year.







Jon Dewart, a senior, was Milford's sixth man this year. Jon showed his shooting ability in the four-way tourney against Larwill. Jon's timely passes and rebounds were greatly appreciated.



Jack McClintic, a senior, showed how valuable he was by scoring 14 points against Sidney. Jack's unselfish team work helped the team many times this year. A team is as good as its bench, and Jack helped us in having the best in the county this year.

Mr. Allen is our varsity coach. The Trojans had a fine season this year, and you can't say it was just luck. Coach Allen has been coaching these boys since they have been in high school which goes to show that after four years of coaching the boys knew just what to do.

Varsity

The 1963-64 Milford Trojans had a very impressive season. Sparked by senior guard Mike Zimmerman and stabled by the shooting of Tom Holderread, the blue and white streaked to seventeen wins with only six defeats. They also won the annual four-way tourney and fought their way to the semi-finals of both the sectional tournament and the county tournament. Five seniors will be leaving the team this year: Tom Holderread, Jon Dewart, Mike Zimmerman, Marion Groves, and Jack McClintic. Next year's Trojans will have their work cut out for them. Holderread scored by far the most points on the team; Zimmerman had the most assists; and Marion Groves pulled down the bulk of the rebounds.

Milford's baseball team this year was the best one we have had in several years. The blue and white won eight of their eleven games. Trojan seniors were short stop Tom Holderread and third baseman Ken Beer. The underclassmen on the team were also very important factors in the extremely good record. Milford was beaten only by county champ North Webster and Pierceton, who was the runner-up. Elkhart County's New Paris was the only other team to beat the slugging Trojans.

Steve Weisser Mike Hamilton
Alan Coy Phil Brown

This is the first year on the team for juniors Alan Coy, Steve Weisser, and Steve Cain. Seniors Mike Ostendorf and Mike Treesh have been members of the team two and three years, respectively. Mike Hamilton and Phil Brown, both juniors, completed their second years.

The first golf team was organized in 1960 and was coached by Don Smith. In '61 the new head coach, Gerald Van Meter, took over the team. The sport was discontinued in '62 and revived in '63. The 1964 season was successful in building experience as a team and in promoting interest in this comparatively new school sport.

* won county tourney
** won sectional tourney
*** won both

Many Milfordians can remember or have heard the glories of the early Trojans. Perhaps the most outstanding single event occured in 1925 when the Milford team won the county, the sectional, the regional, and advanced to the "Sweet Sixteen" under the coaching of Noble Neff. The first five were Clayton Hollar, Eldon Miller, Harry Schultz, Roy Schultz, and Royal Setchler. Harold Burns, James Hamman, and Noble Miller comprised the bench. The Trojans were defeated 28-33 by a team from Vincennes.

The late forties were years of frequent victories. From 1945 through 1948 ninety-six games were played, and seventy-three were won. In 1948 the Trojans played twenty-six games and lost only one.

In 1961, after several mediocre seasons, the Milford Trojans won the county tourney. The Warsaw Times-Union compared the '61 team to the teams of the late forties and prophesied that the names of Berkeypile, Crafton, Musser, Miller, and Kaiser would go down in the annals of Trojan history.

The 1964 Trojanette thought some effort should be made to preserve the athletic records. Some have already been lost; those remaining are recorded here.

In this last space the 1964 Trojanette wished to salute all former Milford yearbooks and their editors. Before the day of the Trojanette were the Bomb, the Milfordian, The Rambler, the Sun Dial, and the SAMSPAREIL. The day of a Milford High School yearbook is dying; soon the Lakeland Community Schools Consolidation will obliterate the Trojanette. Let us not forget it.
